

Our protection is all about the follow-through.

Coverage to help your business stay on course.

For customers, your course offers a retreat. For you, it's your livelihood. That's why Allied golf course insurance helps you plan for the unexpected, like losses or damages from the tee to the green, errant shots or issues stemming from herbicide application. Our customizable insurance can help you manage disruptions and minimize losses, so you can keep your tee times on schedule.

Covering the unexpected.

Golf is all about avoiding unforeseen hazards. Our golf course insurance works likewise, insuring your business against golf balls that strike a person or car, or property damage to tee boxes, fairways, putting greens, golf carts and equipment. It also offers protection for weather-related shutdowns leading to losses, course damage repair, and polluting pesticides that could damage the property or cause injury to others.

Extend your protection.

GOLF COURSE PROPERTY ENDORSEMENT:

Increases limits for things like replacing locks, portable tools and equipment, as well as pollution cleanup and removal for things like backup or overflow of water, outdoor property, and trees, shrubs and plants.

PESTICIDE AND HERBICIDE APPLICATION:

Helps cover damage to property or others due to applying herbicides or pesticides on the grounds, including damage to surrounding property, pollution, or if a person inhales noxious fumes.

GOLF OR TENNIS PROFESSIONAL

LIABILITY: Provides coverage for liability resulting from golf or tennis instruction, lessons or advice.

COUNTRY CLUB ENDORSEMENT: Provides desirable coverage enhancements.

Setting the standard in business protection.

With Allied, these core coverages come standard.
